Signup for Free Hosting

Signup for Free Hosting

Fill out the form below using Mozilla Firefox and your free hosting account will be activated instantly!

(Internet Explorer is not recommended)

Please do not translate this page, you will not be able to signup though a translator!

*** At the bottom, where it says "Move the message to:" simply select Inbox from the pull-down menu. Then left click on the "Add Filter" button at the bottom and you're done.**

Hotmail and MSN

Do you use Hotmail or MSN? You can easily ensure email is delivered to your Inbox by adding our "From" address to your "Safe List."

Here's how to do this:

*** First open your Hotmail or MSN e-mailbox. On the menu bar running across the top of your inbox you will see an item labeled "Options." It is the second last item to the right. Left click on "Options."**

*** In the new screen which opens, you will see a heading called "Mail Handling" Co**

see a heading called "Mail Handling." Go down the page until you come to the item called "Safe List." Left click on this item.

*** In the space provided, type in the e-mail address: no-reply@hostmessage.info, and then left click on the "Add" button,**

When you see the address you entered in the Safe List box, left click on the button "OK." and you're done.

AOL

If you're using AOL, you can ensure that the email is delivered to your Inbox by setting your Mail Controls. Here's how:

*** Go to Keyword Mail Controls.**

*** Select the screen name you are using to receive the email.**

* Left Click "Customize Mail Controls For This Screen Name."
